H. APPEAL STATEMENT

The statement is set out in

the box below

The local authority claims the property is listed. The property is not listed, but it is adjacent to a church wall that is listed. The Claimant claims the property is a free standing structure adjacent to the listed structure. In order to be attached to the listed structure in the ordinary natural meaning of the word one structure or other must be supported by the other to some degree.

The Claimant Claims the property is not listed merely by being next door to a listed building.

The Claimant needs this access as it is the only safe means of entering her home. The Claimant has a disabled wife, she has multiple conditions which she uses a wheelchair on a part time basis.

The claimant's wifes use of a wheelchair will continue for the rest of her life and will increase to full time usage.

For the claimant's wife to access his house she first needs to cross a gully in the street, necessitating a "wheelie" movement in the wheelchair. Then a series of steps have to be climbed.

The existing access is on a slope transverse to the direction of travel to enter the property. The Claimant claims the wheelie movement can not be safely executed through the existing access.

The refusal of the planning authority to allow safe access means the claimants wife will either become housebound or have to move house.

The Claimant claims this is an act of Disability Discrimination in breach of the Disability Discrimination Act 2005
