

Dear Sir / Madam

Regarding Planning
Application No 3/2023/C234

And ref. 366013 431015, I have no
objection to the rear extension and
solar panels, but I strongly
object to the wind turbine which
is unacceptable in such close
proximity to the other properties, they
cause quite a noise which will be
just too obtrusive especially at
night time

Yours faithfully
