**Address of Development:** 6, LODGE VIEW, LONGRIDGE

**Comments:** Lodge View has always had a charm & sense of history, being some of the oldest cottages in Longridge. The herbaceous border, conifers & variety of trees have always enhanced the properties; these increase the bio-diversity in the area & therefore attract beneficial creatures. The remaining tree trunk is an ugly eyesore which detracts from this attractive conservation area. I would like the tree trunk to be removed & if possible 1 or 2 trees to be planted as close as possible.
