**Planning Application Reference No.:** 3/2023/0246

**Address of Development:** Chicken sheds

**Comments:** The chicken sheds are currently an eyesore and makes the village look a mess. I 100% support the knocking down of the chicken sheds and redeveloping as two houses.

**Planning Application Reference No.:** 3/2023/0246

**Address of Development:** Land next to Southport House

**Comments:** We live close to the site and wholeheartedly support the application submitted. The plans have been put together to fit in exceptionally well with the local area and to cause as little disruption as possible. It will massively improve the site and is far better for the village than the alternative holiday options submitted. The applicants are already residents of the village and contribute massively to village life.

**Address of Development:** Sawley

**Comments:** Have now [REDACTED] The Chicken farms were operating for many years and while not an attractive site was at least in a reasonable state of repair. Since closing down the site has become derelict and is now littering falling down on itself. The site is now a real eyesore and is certainly not in keeping with the village or the Ribble Valley. The proposed development is for two low level dwellings which will unquestionably be kinder on the eye and certainly add to the overall appeal of the area. I would certainly support this development as feel the current site really does distract from the overall look of the area. To be promoted as an area of outstanding natural beauty the RV has to be systematically enhanced, not allowed to fall into disrepair and decay.

**Address of Development:** Sawley

**Comments:** I live in the village and support this application. The design of this development will be a vast improvement on the state of the current site and will add to aesthetics of the architecture we have in the village of Sawley.

**Planning Application Reference No.:** 3/2023/0246

**Address of Development:** Southport House  
Hollins Syke  
Sawley  
BB7 4LE

**Comments:** Having lived in Sawley for the  I have always thought that the old chicken farm as been an eye sore in our village, so having two beautiful family homes built in its place would be wonderful. I really hope it happens for the good of our beautiful village.

**Planning Application Reference No.:** 3/2023/0246

**Address of Development:** Land adjacent to Southport House Hollins Syke Sawley BB7 4LE

**Comments:** The proposed development of two properties will radically improve the land as it is now. The much needed regeneration of this site into family homes is very welcome in the village.

[REDACTED]

**Planning Application Reference No.:** 3/2023/0246

**Address of Development:** Land adjacent to Southport House Hollins  
Syke Sawley BB7 4LE

**Comments:** I would be very happy for the development to be passed as the derelict buildings present at the moment are an eye sore. They are dilapidated and very unstable. Part of the building has collapsed and looks very dangerous and there is rubbish everywhere. The proposed buildings look very smart, would fit in with the surroundings, would improve the area and only add value to the houses closeby to them.

**Planning Application Reference No.:** 3/2023/0246

**Address of Development:** Hollins Syke, Sawley, BB7 4LG

**Comments:** I am in agreement with this application. I have seen the plans and in my opinion the two houses would fit in with the surrounding lands and buildings. They will be eco friendly homes for two families who already live in the village. Certainly they will fit into the village and be an attribute unlike commercial ideas put forward in the past which were very unpopular.
