With reference to application 3/2023/0274 - Laneside Barn - Grindleton.

As a regular user of the road and [REDACTED] I would like the council to approve the application.

During the daytime of 14th February 2022, [REDACTED] the impact on the corner of the building by a passing tractor and trailer. The sway of the vehicle hit the building causing a large stone quoin to fall into the road. Fortunately, it was possible for [REDACTED] debris out of the highway straightaway and notify the building owners. No other vehicles were involved, and the driver of the tractor and trailer did not stop. The road is often used by horse riders, cyclists, buses and large agricultural vehicles and the proposal would make the whole area safer for everyone day and night. This application provides a sensible solution for the location whilst maintaining the character of the area.
