I am very much "for" the construction of a new Guide Hut in Longridge, as I believe it will benefit the Community enormously

However, I am concerned about the effect that the construction work will have on [REDACTED] particularly in light of the proximity of the Guide Hut [REDACTED] shown on the street plan included with the planning application details.

In particular I am very worried with regard to the lack of footfall and access [REDACTED] and the implications to the [REDACTED] suffer as a result.

I note that there is no time scale set out in the application and fear that should there be any business disruption around [REDACTED] the knock on effects [REDACTED] could be devastating, as it is [REDACTED]

Please can you acknowledge that this application has been made [REDACTED] the street plan.
