

Bolton by Bowland War Memorial

The W.M. Committee made an application in 2014 for the removal of conifers at the rear of the W.M. gardens. This was renewed in Jan 2020 (3/2020/001) (now expired 18.12.22)

from Holden Clough Nursery is advising us. He has dug out the rear border and will be planting shrubs/bushes/trees.

The plan is to have trees at the rear of the border, shrubs/bushes at the front and then covered in back for ease of maintenance
