**Comments:** As an [REDACTED] think this new application for conversion of a dwelling to a local small business would be a fantastic asset to the village and surrounding communities.. Having outgrown the existing premises moving accords the road into a larger area makes complete sense..

Multiple dog groomers have closed down over recent months in the local area and I know the demand will be high for possible expansion. I also think that as the business grows the possibility of local employment is fantastic..

Speaking to locals has only been positive comments so far...
