Planning Application Reference No.: 3/2023/0634

Address of Development: Primrose House clitheroe

Comments: I am writing to address a concern regarding the trees situated on the property that are [REDACTED] [REDACTED] In the past and recently, I have noticed that some of the branches from these trees have become quite large and are dropping onto [REDACTED] and the bridle path. Additionally, it appears that the trees are leaning towards [REDACTED] houses in their quest for sunlight. Given the size of the branches and the potential risk they pose, I am kindly requesting your assistance in having the trees trimmed back. This measure would not only enhance the safety of our properties but also alleviate any potential damage that may occur during severe weather conditions. I understand the importance of maintaining the natural surroundings, and I appreciate your consideration in this matter.
