For the attention of Stephen Kilmartin

[REDACTED]

We received a letter notifying us of the planning application with No. 3/2023/0635.

Having reviewed the plans online it appears that the plan is to allow access to the new dwelling by knocking down an old stone wall that is at the rear of the upper area of the parking for the apartment block [REDACTED] [REDACTED] that is proposed to be removed for access. [REDACTED] would effectively be in [REDACTED] proposed new access which would not make sense. With this understanding we would like to object to the proposal.

I have included a photo of [REDACTED] showing the entrance to the public foot path and the stone wall for your reference. There is also a visitor parking space [REDACTED] that would also be impacted by the proposed access.

[REDACTED] have only just received the notification so have not yet discussed with [REDACTED] lawyers but wanted to register an objection immediately given the severe impact.

Thanks
