Comments: This beautiful, discreet little business doesn't just provide interior design gifts but when open, the bar area & drinks service brings the local community together (& I have met up with a quite a few people who feel they can go along on their own to socialise & feel comfortable in a lovely relaxed atmosphere) It will be such a travesty, if for the sake of one or two disgruntled people the bar it not allowed to reopen. Thank you for considering this submission.

Comments: DMD Designs is more than a shop to browse and enjoy a glass of wine whilst listening to tasteful music, it's an important part of our community, getting people together, talking enjoying and supporting local singers in a calm and tasteful environment [REDACTED] particularly enjoys this environment whilst listening to the singers with a glass of his favourite drink. Please pass this so we can start enjoying this again

Comments: [REDACTED] fully support Miss Despard and her application. I believe dmd design to be a true asset to the Longridge community. Never have I seen or heard any disturbances in my time [REDACTED] before [REDACTED] I have often walked by the property and popped in for a browse and have been surprised to have seen a local artist singing therefore I find it hard to believe that there is an issue of noise complaints. Anyone that has been into DMD design will know that it is a very relaxed and welcoming environment. As for the issues with parking, there has never been an issue for us as I think Dmds opening hours enable this not to happen the only time I feel that there is a parking issue is when church is on. It will be a great shame if Longridge was to loose this little gem of the community.

Comments: [REDACTED] in Longridge in the [REDACTED] and had [REDACTED] I have seen the change and shrinking of the social community due to many pub closures.

I genuinely believe this establishment not only increases social activity but benefits the community and especially those of lower land.

It is a welcomed and warming environment, which I visit [REDACTED] [REDACTED] who live [REDACTED]
[REDACTED]

Maybe I am biased [REDACTED] but this place really does add a nice touch to Longridge and more places like this should be available for developing the community.

Please, Grant planning Application as this is a win-win for the town for future, growth and prosperity!

Comments: I would like to give my full support to this application, the shop/bar is a fantastic concept and really is a beautiful addition to the Longridge community. Having a business in Longridge myself I know how hard it is at present to keep a business going in these difficult times and the owner of this business is going to great lengths to keep her business going and trying to earn a living and offer something a little different. It would be a great shame if this business was to close.

Comments: It is a real shame that Diane is unable to continue with her business the way that she would like to. The shopping evenings/ live music / bar area is a real asset to Longridge. It made me visit the area originally and has made me return. I am jealous that [REDACTED] does not have anything like this. So much better than a pub etc. A really pleasant way to spend time with friends or family after work for just a drink and a chat. A great opportunity to meet people in the local area too- there's a real sense of community spirit. It is not open late at all, and causes no problems regarding noise / disruptions. A real shame!!

Comments: Good afternoon,

I am fully supportive of Dmd designs application for mixed use. I have [REDACTED] to dmd design for the [REDACTED] [REDACTED] and have had no issues whatsoever regarding noise, disorderly behaviour or parking issues. The concept of dmd design is fantastic and sophisticated it has a very informal and relaxed laid back feel and I have often been in to browse at their new stock and have a small drink on the way home from a busy day at work. I am however a little horrified to have been photographed sitting having a quiet drink with my [REDACTED] work colleagues [REDACTED] without our consent, which was sent to the council. I also know that this wasn't the first time, as my friend saw the [REDACTED] photographing [REDACTED] which was also quite disturbing to hear. I am sending my support to this beautiful business, it is an asset to our town offering something a little different and I would be really sad to see it closed down.

Kind regards,
