Address of Development: 'Temporary Marquee'
Stanley House
Mellor

Comments: This structure was built with the sole purpose of being Temporary while works were to be carried out on the extension of the site. For the duration of its use it appears to be being operated as an alternative venue at the hotel. As a former resident of Mellor Brook with family and Friends still in the area, I have heard in conversation many times the disruption caused by there being an 'event in the tent'. As a temporary measure it was deemed that it wasn't to be forever that music would be heard very late into the night. This application certainly seems to be a contravention of it being a temporary venue at this location. It should also be noted that the intention for work to begin on the overall extension of the site is still yet to begin, leading me to question if there was ever any intention for the works to have been completed during the original two year period it was originally granted for.

Please consider this an objection to the proposed extension of the 'temporary marquee'.
