**Address of Development:** Church Lane Mitton bb7 9pl

**Comments:** I want to register my not agreeing to this development. The work seems to have already started on the project and several trees etc have already been taken down. The septic tank will be too close to a natural brook. Church Lane is a quiet hamlet of a handful of houses and the noise from the units will be an issue. Also the lane is a single track lane and parking and traffic is an issue. I think this project is too close to neighbouring houses and will impact on rural living. I don't think this development should be granted.
