Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

Drilling of two boreholes and underground pipework within the front curtilage of the property and installation of internal heat pump unit located in the ground floor kitchen.

This will involve the drilling of two boreholes at the front of the property where the current owners park their cars. The pipework from the boreholes will run under the existing cobbled area and be connected to the heat pump which will be housed in the Kitchen. A small entry hole (~120mm diameter) below ground level will be required in the historic fabric to allow the pipes to enter the building. The pipework will then run up through an internal plasterboard riser and across to the kitchen in the void between the ceiling and the first floor, before dropping down to the heat pump in the kitchen in a plasterboard riser.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
