30 December 2023

Dear Mr Taylor

RE: Planning Application No. 3/2023/1004 The Hawthorns West Bradford Road BB7 3JE

Further to your letter dated 21 December 2023, this is the third letter I have received from you with inaccurate information regarding the above planning application.

The application states that there is mains drainage on the site. This is incorrect. All the drainage in this hamlet is septic tank. 

 All other septic tank drainage is in a field adjacent to the house(s) they relate to. 

I would be grateful if you could acknowledge my wishes and correct the information on the application.

Yours sincerely
