Following consultation with the members of the parish council the following request and comments were raised:-

1. The PC are only supportive of a car park that is sympathetic to the surrounding countryside ie rubber matting and grass or green crete surface as it states in the application and opposed to a concrete or tarmac surface.
2. The parish council requests a condition being imposed on the car park that it can never be used for any other purpose other than a car park. Reson being that if in the future the pub was shut then the car park would be classed as brown field and could have a development of sorts on it.

On behalf of the Parish Council
