Additional requirements:

Catchment Sensitive Farming Assessment Form

To be completed by Catchment Sensitive Farming (CSF) where its support & approval is required by applicants, for certain capital items and options, before they can apply for Countryside Stewardship (CS) Capital Grant or CS Mid-Tier.

This form must be completed by CSF, external supplier working on behalf of CSF or a CSF partner, prior to the application deadline and then submitted by the applicant to the Rural Payments Agency (RPA).

Applicant name	JT & E Thornber
Farm Business name	JT & E Thornber
CPH number	21/673/0007
SBI Number	106238988
Farm address and postcode	Higher Greenhead Farm, Gisburn Road, Sawley, Clitheroe, BB7 4LQ
WFD Water Management Catchment	Ribble
River Basin District	North West
Form completed by: (CSFA or external supplier)	
Name	Jack Flusk
Company if applicable	CSF
E mail address	Jack.flusk@naturalengland.org.uk
Telephone number	07500097070
Any additional comments	CSFA
Pollutant priorities and pressures:	
Pollutant priorities in the catchment as targeted by CSF: - High Priority Phosphate - High Priority FIO - Combined High Priority Farm description: 85ha Dairy farm to grass. 130+ milking herd + 80. Cubical and Loose housing. Slurry System. Pollutant pressures on farm i.e. water, air, natural flood management Large livestock loafing area unroofed creating increased amounts of dirty water requiring storage. Poorly surfaced yard areas.	

Conditions and / or further advice

Planning Permission – Some capital items e.g., buildings, concreting etc. will require evidence of planning permission or confirmation from the relevant planning authority that it is not needed. Therefore, applicants will need to refer to the relevant CS specification and submit the relevant evidence with their grant claim where required.

Public Right of Way - If any works affect a public right of way applicants will need to contact the relevant highways authority to discuss the proposal and seek any necessary consents or support.

Sites of Special Scientific Interest (SSSI) and Scheduled Monuments (SM) – Where either a SSSI or SM are present on the farm, the relevant land parcels must be included within a CS Mid Tier agreement, and an appropriate option placed on them where available.

CSF score (if approved)

High		Medium	X	Low	
------	--	--------	---	-----	--

Justification to support the CSF approval and score or reasons for declining:

This justification could include an extract from the ALERT or SCIMAP systems.

Figure 2 - ALERT Map

Approval of RP28:Roofing will reduce the amount of effluent being produced and requiring storage enabling the farmer to minimise inappropriate spreading during heavy rainfall events. All roof water from the clamp is to be sent to clean water drains and cannot be discharged over existing yard surfaces. The farm yard is located close to river and is hydrologically connected (see alert mapping). The farm has actively engaged

with CSF.		
Form completed by:		
	Jack Flusk	
	<i>J Flusk</i>	Date: 01/02/2023
Countersigned by CSF where applicable:		
		Date

This approval will be valid for up to 24 months from the date of CSF signature, provided that the details relating to the items and options which were approved have not changed.
