8th March 2024

Dear Lesley,

Re: Resubmission of a new Planning Permission Application (PPA) superseding refused PPA No. 3/2022/0655

Please find attached a new Planning Permission Application form and the four documents that you had requested to be submitted for the replacement of 24 windows. They are:

1. A revised planning application which has been signed by one of the trustees (as Leaseholder of the building) as the Applicant in Section 24, Certificate B and in Section 26,
2. Schedule 2, Notice under Article 11 of Application for Planning Permission, signed by the Agent representing the owner of the building.
3. A location plan (drawn to scale 1:1250) of the site at 93-97 Lowergate, Clitheroe BB7 1AG.
4. Photos of the front and side elevations indicating which windows will be replaced in Phase 1.
5. The elevation plans of the 4 sides of the building requiring window replacement.
6. The Heritage Statement.

I look forward to hearing from you in the near future.

Yours sincerely
