R.E. Planning Application No: 3/2024/0268
Grid Ref: 362555 436532
dated 27th September 2024.

Dear Sir/Madam

who may not be willing to be next to a park.

Traffic is fast and frequent on the road at Ribchester and Longridge especially dangerous on a bad bend like the one that will have

from 6 cottages added to it.

Noise and anti-social behaviour from said cottages could be a problem.

The road where it bends always floods with excess water in the winter where will the waste water from six more properties go and will it add to the existing problems

Yours Sincerely
