Planning Application Reference No.: 3/2024/0372

Address of Development: Ribble Valley Borough Council Offices Church Walk Clitheroe BB7 2RA

Comments: I see no cost benefit analysis for this application which I would have expected as this work is being done to a council property and so I presume at tax payers expense.

How much is this work costing, what are the expected benefits and what is the timescale for achieving the benefits?

In looking at the cost benefit analysis have the ongoing maintenance costs been considered, including when they will need replacing and when they are how they will be disposed of and whether there is any negative environmental impact when they are.

This proposal should not be approved until all the above have been satisfactorily answered.
