

13 OCT 2024

18-9-2024

Dear Nicola Hopkins,

Planning Application

No. 3/2024/0464

I would like to comment
on the above P.A.

The traffic on Hammond
Drive has increased since
more houses have been
built. The junction with
Dudley Hill is a difficult
corner.

The entrance onto Old
Roman Road/Whins Lane/
George Lane is extremely
busy.

As well as increased
traffic using Old Roman Road

as a shortcut, there are more
horses on the lane due [REDACTED]

[REDACTED]

There are several Cuppo
Beech trees and one
Blue Cedar on the site.
which I hope will be
preserved.

There is an old well to
the right of the entrance,
which I don't see marked
on the plan.

I think someone from the
Development & Planning
office should view this
site.

Yours

Sincerely
[REDACTED]
