

The Old Cotton Mill (Clitheroe) Management Company Ltd.

The above management company are wholly responsible for the management and maintenance of The Old Cotton Mill, Primrose Road, Clitheroe BB7 1BS.

The management company are responsible for the carriageways, footways, footpaths, landscaped areas and bin storage areas that are unadopted within the site. The carriageways will be kept clear and unobstructed at all times allowing safe vehicular movements around the site. During winter months, these carriageways are gritted as necessary on a regular basis. A well-stocked grit-salt bin is located on the front carpark for this purpose.

All footpaths and access areas will also be cleaned and maintained regularly.

A programme of landscape maintenance has commenced and involves regular weeding, trimming and pruning of trees and bushes to maintain the carparking areas and spaces accordingly. During Autumn months leaf clearing takes place to ensure the carpark areas and carriageways are kept clear of debris and do not become slippery.

The bin store areas are kept clean and tidy and any waste is removed on a regular basis by a private company to ensure that there is always ample facility for waste management.

A programme of window cleaning takes place to ensure all windows at the site are kept clean, including the glass balustrade around the courtyard area.
