

planning app. 3/2024/0845
gnd Rg. 376565 4406.

07 JAN 2025

Dear Sir

regarding the very cynical application from the developer
referances to have hill which has yet to be
finished until then no application can be made
to alter any plans.

- (a) The compound and trailers are still there.
- (B) The field has not put back to its original
state and landscaped as was stated in the build
of have hill
- (C) The mound of earth has not been removed
- (D) calcareous grassland not planted
- (e) footpath has not been resolved and put
back to its original place
- (D) Field rows not planted properly

also this application was made just before christmas
no regard for people away on holiday and including
yourselves - which to us sounds deliberate on
behalf of the developer so few people can
write in
