Planning Application Reference No.: 3/2024/0513

Address of Development: 22 old Row Barrow

Comments: I think the development will be an improvement BUT there needs to be double yellow lines to the front of the building because vehicles parking at the front are causing an obstruction when coming out of the rear car park. You cannot see oncoming traffic and it is an accident waiting to happen. I think this needs to be done as a matter of urgency and I thought this was the case with the building works at the back, I thought that one of the stipulations was traffic calming measures and parking.
