

Statement of Truth

In support of an application for a certificate of lawful existing use to regularise the use of part of the property known as Isaacs Farm Barn, Chipping, Preston in association with an agricultural contracting and welding business, for in excess of 10 years.

I, [REDACTED] 2NU do solemnly and sincerely state as follows:

1. My name is [REDACTED] Metcalf's Agricultural Engineers. Metcalf's is a family business with over 40 years' experience in the sale and repair of agricultural tractors and machinery.
2. I first met Andrew Hodkinson around 13 years ago when he came to Metcalf's to purchase machinery parts. Since then, we have maintained a business relationship although I would consider Andrew to be a friend as well as a customer.
3. [REDACTED]
4. I have visited Isaacs Farm Barn approximately 6 times. These visits have been to view Andrew's machinery in order to assess what repairs and/or maintenance is required and provide an appropriate quotation for works.
5. I am able to confirm that the area edged red on the plan below is the part of Isaacs Farm Barn used by Andrew in connection with Ashcon.
6. To corroborate this Statement, a number of invoices are attached to evidence business activities between Andrew and Metcalf's Agricultural Engineers.
7. I confirm that I have provided this information and evidence in support of the application in good faith and with the belief that it is true and accurate and there is no intention to deceive. I acknowledge that the amended section 194 of the 1990 Act provides that it is an offence to provide false or misleading information or to withhold material information with intent to deceive. I understand that Section 193(7) enables the Local Planning Authority to revoke at any time, a certificate they may have issued as a result of false or misleading information.
