DIRECTOR OF ECONOMIC DEVELOPMENT AND PLANNING

Informative

The applicant is requested that consideration should be given for a replacement Sycamore tree to be planted in Pinder Hill Barn grounds within 18 months of the completion of felling works undertaken by permission of this consent. The applicant should contact the Countryside Officer for further advice regarding any replacement trees.

Removal of vegetation within the nesting bird season and vegetation with the potential to support other Protected Species should be preceded by a pre-clearance check as outlined in BS3998 :2010 Tree Work - Recommendation 5.3 Habitat & Wildlife in respect of the preliminary surveys and checks necessary.

The granting of this consent does not infer the right nor grant consent for works to trees outside of the applicants ownership. As such the applicant is advised to seek the independent consent of relevant landowner(s) where approved works will affect trees in third-party ownership.

Note(s)

1. This Decision Notice should be read in conjunction with the officer's tree work report which is available to view on the website.
