Good morning

Apologies for late email, [REDACTED] didn't get to email before the deadline earlier this week, but hope my comments will still be considered.

[REDACTED] in question for planning permission.

I am happy that the trees will be going, [REDACTED] and are never cut back higher up the tree, for obvious reasons as it's so high, plus it [REDACTED]. So that I am certainly happy.

Items to raise;

The block wall - this was already in place [REDACTED]. It looks a single skin block wall, wasn't very straight and short of mortar, and [REDACTED], plus there could have been a chance of them [REDACTED] - it was dangerous, [REDACTED].

Is the block work to a standard capable of being strong enough to take the weight of this annex building?

Building Material - if the building is being used by their visiting families, [REDACTED] if they were [REDACTED] or [REDACTED] noise volumes low?

Thanks

[REDACTED]
