-	
Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces? Yes	
) No	

7035 - Site Location Plan. Rev B

Please provide information on the existing and proposed number of on-site parking spaces
Vehicle Type: Cars Existing number of spaces: 3 Total proposed (including spaces retained): 3 Difference in spaces: 0
Trees and Hedges
Are there trees or hedges on the proposed development site?
✓ Yes○ No
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? Yes No
If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
Assessment of Flood Risk
Is the site within an area at risk of flooding? (Check the location on the Government's Flood map for planning. You should also refer to national standing advice and your local planning authority requirements for information as necessary.) Ores No
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?
Yes ⊘ No
Will the proposal increase the flood risk elsewhere?
○ Yes② No
How will surface water be disposed of?
☐ Sustainable drainage system
Existing water course
✓ Soakaway
☐ Main sewer
☐ Pond/lake

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.
a) Protected and priority species
✓ Yes, on the development site✓ Yes, on land adjacent to or near the proposed development✓ No
b) Designated sites, important habitats or other biodiversity features
○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development② No
c) Features of geological conservation importance
○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development② No
Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
Biodiversity net gain
Biodiversity net gain Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.
