

Fellside Solar PD NMA - Reference: PP-13275316

Note regarding notification under article 9 of the DMPO

The Chipping Community Energy Working Group has engaged with residents on Mills Way and Wolf's Fell Close (the properties subject to the condition) through a leaflet drop, a notice in the Lancashire Evening Post and by holding drop-in sessions at the Community Hall regarding the appetite for renewable energy solutions and has received encouraging feedback. It is considered that this approach of amending the condition that would otherwise hinder the installation of renewable energy solutions is the most appropriate way forward.
