**Planning Application Reference No.:** 3/2024/0658

**Address of Development:** 26 Singleton Ave

**Comments:** This AC/Pump UNIT fitted at the side of 26 Singleton Ave is an absolute eye sore for the street when using the turning circle / cul de sac.

With how prominent and how far it sticks out away from the property when it could clearly be fitted to the rear of the property out of sight of neighbours , surely this goes against all planning regulations.

Please stop wasting everyones time and get it removed or relocated to the rear and this will all be in line with regulations.

Im sure rules will have been broken due to fitting this before this application was made.

Kind Regards.
