FAO Kathryn Hughes

I wish to formally object to this above planning application.

We suffered severe noise and disturbance from this site last weekend and already at 7.30pm today (Friday) very loud music has already started . This will no doubt continue tomorrow evening . We have put up with this for near three years and we now understand that this site does not even have the benefit of planning permission.

This building is totally unsuited to live/amplified music , the main cause of concern, together with shouting, yelling in and around the site and after closing, the emptying of bottles at unsociable hours.

Despite not having the benefit of planning permission the operators continue with no consideration at all for neighbours.

This proposal is totally unacceptable.

Regards
