Home / Wrath ip67 recessed decking light in antique bronze

## wrath ip67 recessed decking light

in antique bronze [see dimensions](#)

Arrive - and indeed leave - in style with this very discreet uplighter in pure brass, designed for deckings, pathways, driveways and also for extra evening ambience in patios and gardens. Engineered to withstand driving over but if you're in your Chieftan tank, you might want to switch to the rubber tracks! It's 12v so it will need a driver, which will be different depending on how many units you're running. Definitely consult your sparky!
