Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
Biodiversity net gain
Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide

<u>biodiversity metric information required.</u>

Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the

detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.
