**Comments:** We very much support the application for change of use of the old workshop at 1 Ferry Butts. In its present state the building looks tired and unloved, and it would be good to see it put to good use. We think the proposed plans show a sympathetic remodelling of the structure which references its heritage whilst repurposing it to good effect. [Redacted]

[Redacted] we think the application should be approved. [Redacted]

**Comments:** We fully support the proposal for change of use of the old workshop at 1 Ferry Butts. The structure in its present form looks tired and unloved and it would be good to see it put to good use. We think the proposed changes are sympathetic to the building's original purpose and will look much better than the existing. It will be good to see the structure repurposed. [Redacted]

[Redacted] we strongly support approval of the application.
