Dear Sirs,

Backcastle Works Pendleton Court Little Lane Longridge

I have been attending this gym now for many months. This has helped me enormously with my mental health as well as improved my fitness level. This is only a small gym but a great asset to Longridge and I can personally say I have made many friends and to loose this facility would be a huge loss to myself as well as our local community. As most members are from Longridge few people go in their vehicles, but for the ones who do parking is definitely not a issue as there is plenty of public parking in the area without causing any obstructions.

This gym has created a great social space for many people and would be greatly missed if these minor problems cannot be resolved which are affecting the future for the gym and the other units.

Regards

I am supportive of this application for change of use as it is a well used community asset and is so important to local residents.

I am a member of the small gym upstairs and this has been very important to me for my health and well being and I know others feel the same. The upstairs gym offers allows me to maintain my health and wellbeing offering tailored workouts which is not something that is offered locally to

The gym is centrally located within Longridge with most people being able to walk, for those who drive there is always parking available and this has never been an issue that I am aware of.

Refusing this application would have a detrimental impact to local residents and the businesses.

I would be grateful if the council could take my views into consideration.
