Reference Location Proposal 3/2024/0911 Hough Clough Farm Houghclough Lane Chipping Preston PR3 2NT Proposed single-storey side extension to form garden room, dining area and utility room.

Dear Planning Department

Lancashire County Council Public Rights of Way Team raises no objection to the application and provides the following.

Comments/Objections

Footpath FP0312055 passes through the proposed parking area for the dwelling, as shown on the attached plan. The infringement or obstruction of the existing public rights would be a criminal offence, as such the right of way should always remain clear of parked vehicles and not used to store materials, machinery.

Ground level/drainage

Any changes in ground level or installation of drainage should ensure that surface water is not discharged onto a public right of way either within the proposed development site or in close proximity – this is to ensure public rights of way are not exposed to potential flooding or future maintenance issues.

Temporary closure

If works relating to the proposed development are likely to cause a health and safety risk to users of a public right of way a temporary closure order must be made and in effect prior to commencing those works. Applications should be made 8 weeks before commencement to avoid delay to the works. Further details on closure can be found at <u>Request a temporary closure of a public right of way - Lancashire County</u> <u>Council</u>

Diversion

If a diversion is needed or intended the applicant needs to ensure that the diversion is in place prior to any work commencing on a public right of way. Any disturbance of the existing route, without the appropriate confirmed Diversion Order would be liable to enforcement action taken against the developer.

Publicity of Application

All planning applications that affect a public right of way (footpath, bridleway or byway), must be publicised by site notice in at least one place on or near the land to which the application relates for not

less than 21 days; and by publication of the notice in a newspaper circulating in the locality in which the land to which the application relates is situated.
