Planning Application Reference No.: 3/2024/1025

Address of Development: Waddington Hall
Clitheroe Road

Comments: We are writing to you regarding the above application and wish to give some background information and comments to consider relating to the noise impact assessment.

Whilst the [Redacted]
any traffic noise and accommodates [Redacted].

The suggestion that mitigating noise could simply be by closing a window/door or fitting a trickle air device would not be feasible [Redacted]

[Redacted].

Background levels principally consist of traffic from the road which by its very nature is intermittent noise. The noise from three pumps could be constant.

Reference to decibel levels seems to be for one pump. No reference is made as to the cumulative effect of three pumps.
