Comments: [REDACTED] to this property I was surprised not to be asked my views by the Council. This is no ordinary application. The young people to be accommodated here are likely to be traumatised and present, sometimes, with very challenging behaviours. You will appreciate that this will be the second such premises in our small village.

On the face of it I do not object. However, I would like some reassurance as to how the Council will monitor the activities of the home and what contingencies will be put into place for emergency situations - absconctions for example.

I would also like to know how we contact the home in such situations, what the management structure is at the home and emergency numbers etc.
