Town and Country Planning Act 1990

PLANNING PERMISSION

APPLICATION NO: 3/2025/0068

DECISION DATE: 16 May 2025

DATE RECEIVED: 13/02/2025

APPLICANT:

Zoe Swingler
29 Copperfield Close
Clitheroe
BB7 1ER

AGENT:

Mr John Metcalfe
Rural Futures
1 Low Park Wood Cottages
Sedgwick
Kendal
LA8 0JZ

DEVELOPMENT PROPOSED: Proposed construction of a two-bedroom rural workers' self-build dwelling, new access track, package treatment unit and solar panels on existing stables building.

AT: NJS Rehabilitation, Cow Ark Equestrian Centre, Whitewell Road, Cow Ark, BB7 3DG.

Ribble Valley Borough Council hereby give notice that **permission has been granted** for the carrying out of the above development in accordance with the application plans and documents submitted subject to the following condition(s):

1. The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: Required to be imposed by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. Unless explicitly required by condition within this consent, the development hereby permitted shall be carried out in complete accordance with the proposals as detailed on drawings:

- (Amended) Location Plan 1:2500 Drawing No: 7114-E00-A (received 13.05.2025)
- (Amended) Site Location Plan 1:250 100047474 (received 13.05.2025)
- (Amended) Proposed Site Plan 1:200 Drawing No: 7114-P02 REV A (received 17.04.2025)
- (Amended) Proposed Site Plan 1:500 Drawing No: 7114-P01 REV A (received 17.04.2025)
- Proposed Floor Plan and Elevations Drawing No: 7114-P03
- Proposed Elevations in Context Drawing No: 7114-P04
- (Amended) Proposed Stable Roof Plan & Elevations Drawing No: 7114-P06 REV B (received 17.04.2025)

Reason: For the avoidance of doubt as the proposal was the subject of agreed design improvements and/or amendments and to clarify which plans are relevant to the consent.

3. The materials to be used on the external surfaces of the development hereby approved shall be implemented in accordance with the details as specified within Application Form and Proposed Floor Plan and Elevations Drawing No: 7114-P03.

Reason: In order that the Local Planning Authority may ensure that the materials to be used are appropriate to the locality and respond positively to the inherent character of the area.

4. The roof lights as shown on Proposed Floor Plan and Elevations Drawing No: 7114-P03 shall be of the Conservation Type, recessed with a flush fitting, of which the elevational and section details shall have been submitted and approved in writing by the Local Planning Authority prior to their installation. The roof lights shall be implemented in complete accordance with the approved details and retained as such thereafter.

Reason: In order that the Local Planning Authority may ensure that the detailed design of the proposal does not undermine the character and appearance of the area.

5. Notwithstanding the submitted details, prior to their installation, details of the proposed roof mounted Photovoltaic Panels (including section details) shall have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in strict accordance with the approved details.

Reason: In order that the Local Planning Authority may ensure that the detailed design and external appearance of the proposal is appropriate to the locality and responds positively to the inherent character of the area.

6. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking, amending or re-enacting that Order) Schedule 2, Part 1, Classes A to H and Schedule 2, Part 2, Class A, no alterations to the dwelling hereby approved shall be undertaken and no buildings or structures, or gate, wall, fence or other means of enclosure, other than those shown on the approved plans, shall be erected or placed anywhere within the residential curtilage to which this consent relates, unless express planning permission is granted by the Local Planning Authority.

Reason: To enable the Local Planning Authority to exercise control over development which could materially harm the character and visual amenities of the area.

7. Notwithstanding the provisions of Classes A-I of Schedule 2 Part 14 of the Town and Country Planning (General Permitted Development) (England) Order 2015, or any Order revoking and re-enacting that Order, no renewable energy sources (other than the roof mounted photovoltaic panels hereby approved) shall be attached to the dwelling, or placed within the residential curtilage, unless express planning permission is granted by the Local Planning Authority.

Reason: To enable the Local Planning Authority to exercise control over development which could materially harm the character and visual amenities of the development and locality and the amenities of nearby residents.

8. The occupation of the dwelling hereby approved shall be limited to a person employed in the operation of the equestrian rehabilitation business at N. J. S. Rehabilitation, Cow Ark Equestrian Centre, Whitewell Road, Cow Ark, BB7 3DG or a widow or widower of such a person, and to any resident dependants.

Reason: For the avoidance of doubt as permission has been granted for the dwelling on the basis of its occupation by an essential rural worker in a location where a dwelling for general occupation would not normally be permitted.

9. No external lighting shall be installed on the dwelling hereby approved, or elsewhere within the site, until details of a scheme for any external building or ground mounted lighting / illumination have been submitted to and approved in writing by the Local Planning Authority.

For the avoidance of doubt the submitted details shall include luminance levels and demonstrate how any proposed external lighting has been designed and located to avoid excessive light spill / pollution and shall include details to demonstrate how artificial illumination of important wildlife habitats is minimised/mitigated.

Reason: To enable the Local Planning Authority to exercise control over development which could prove materially harmful the character and visual amenities of the immediate area and to minimise/mitigate the potential impacts upon protected species resultant from the development.

10. The residential curtilage hereby approved shall solely relate to the area within the confines of the purple edge as indicated on (Amended) Proposed Site Plan 1:200 Drawing No: 7114-P02 REV A (received 17.04.2025) and (Amended) Proposed Site Plan 1:500 Drawing No: 7114-P01 REV A (received 17.04.2025). No extension of the residential curtilage shall be undertaken without express planning permission being granted by the Local Planning Authority.

Prior to first use of the dwelling hereby approved, details regarding the alignment, height, and appearance of boundary treatments, fencing, walling, retaining wall structures and gates to enclose the identified residential curtilage shall be submitted to and approved in writing by the Local Planning Authority.

The approved boundary treatments shall be erected and maintained as such within 2 months of first use of the dwelling hereby approved.

Reason: To define the scope of the consent hereby approved, to protect against encroachment of residential curtilage into the defined open countryside and in the interests of the visual amenities of the area.

11. The development shall be carried out in accordance with the approved land levels indicated on (Amended) Proposed Site Plan 1:200 Drawing No: 7114-P02 REV A (received 17.04.2025) and (Amended) Proposed Site Plan 1:500 Drawing No: 7114-P01 REV A (received 17.04.2025). No other change in land levels shall be undertaken unless precise land level details have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in strict accordance with the approved details.

Reason: To ensure the proposed development responds positively to characteristics of the area.

12. The development hereby permitted shall not be occupied or brought into use until the car parking and turning areas shown on (Amended) Proposed Site Plan 1:200 Drawing No: 7114-P02 REV A (received 17.04.2025) and (Amended) Proposed Site Plan 1:500 Drawing No: 7114-P01 REV A (received 17.04.2025) have been provided in full and are available for use. The car parking and turning areas shall thereafter be kept available for the parking and manoeuvring of vehicles at all times.

Reason: To ensure the provision of adequate car parking on site and in the interests of highway safety.

13. Prior to first occupation cycle storage provisions for the residential unit shall be submitted to the Local Planning Authority, in consultation with the Local Highway Authority. These cycle facilities shall thereafter be kept free of obstruction and available for the parking of bicycles only at all times.

Reason: To promote sustainable transport as a travel option, encourage healthy communities and reduce carbon emissions.

14. Hard and soft landscaping for the development hereby approved shall be implemented in accordance with the landscaping scheme as detailed on (Amended) Landscape Planting Scheme - NJS Rehabilitation (received 17.04.2025). The duly approved landscaping scheme shall be carried out within 12 months of the approved dwelling first being occupied and the areas which are landscaped shall be retained as landscaped areas thereafter.

Any trees or shrubs removed, dying, being severely damaged or becoming seriously diseased within five years of planting shall be replaced by trees or shrubs of similar size and species to those originally required to be planted.

Reason: In order to achieve a satisfactory level of landscaping in the interests of visual amenity.

15. No development shall take place until details of the provisions to be made for building dependent species of conservation concern, artificial bird nesting boxes and artificial bat roosting sites have been submitted to and approved in writing by the Local Planning Authority. The details shall be submitted on a dwelling/building dependent bird/bat species development site plan and include details of the numbers of artificial bird nesting boxes and artificial bat roosting sites. The details shall also identify the actual wall and roof elevations into which the above provisions shall be incorporated. The artificial bird/bat boxes shall be installed in accordance with the agreed details before the dwellings are first brought into use and retained thereafter unless otherwise agreed in writing by the Local Planning Authority.

Reason: In the interests of biodiversity and to enhance nesting/roosting opportunities for species of conservation concern and to reduce the impact of development.

16. No development shall commence until a detailed, final surface water sustainable drainage strategy for the site has been submitted to and approved in writing by the Local Planning Authority.

The detailed surface water sustainable drainage strategy shall be based upon the sustainable drainage and principles and requirements set out in the National Planning Policy Framework, Planning Practice Guidance and Defra Technical Standards for Sustainable Drainage Systems. No surface water shall be allowed to discharge to the public foul sewer(s), directly or indirectly.

The details of the drainage strategy to be submitted for approval should include, as a minimum:

- Details of whether the site is greenfield or previously developed in terms of drainage
- Assessment of the hierarchy of drainage options
- Details of the contributing area
- Restricted discharge rate
- On-site surface water storage
- Allowances for climate change and urban creep
- Above ground, multifunctional SuDS components
- Arrangements for management and maintenance

The sustainable drainage strategy shall be implemented in accordance with the approved details.

Reason: To ensure satisfactory sustainable drainage facilities are provided to serve the site in accordance with the Paragraphs 181 and 182 of the National Planning Policy Framework, Planning Practice Guidance and Defra Technical Standards for Sustainable Drainage Systems.

17. The site shall be drained via separate systems for the disposal of foul and surface water.

Reason: To secure a satisfactory system of drainage and to prevent pollution of the water environment.

Note(s)

1. For rights of appeal in respect of any condition(s)/or reason(s) attached to the permission see the attached notes.
2. The applicant is advised that should there be any deviation from the approved plan the Local Planning Authority must be informed. It is therefore vital that any future Building Regulation application must comply with the approved planning application.
3. The Local Planning Authority has endeavoured to work proactively and positively to resolve issues and considered the imposition of appropriate conditions and amendments to the application to deliver a sustainable form of development.
4. This Decision Notice should be read in conjunction with the officer's report which is available to view on the website.
5. This Decision Notice should be read in conjunction with the Unilateral Undertaking dated 14th May 2025 (received 14.05.2025) which is available to view on the website.

Notes

Right of Appeal

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

- If you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice.
- If this is a decision to refuse planning permission, or approve with conditions, a householder application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- If this is a decision to refuse planning permission, or approve with conditions, a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

Appeals can be made online at: <https://www.gov.uk/appeal-planning-decision> . If it is a householder appeal it can be made online at: <https://www.gov.uk/appeal-householder-planning-decision> . If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000. The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within 6 months [12 weeks in the case of a householder appeal] of the date

of this notice, whichever period expires earlier. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 114 of the Town and Country Planning Act 1990.

Purchase Notices

If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, they may serve on the Council of the county borough or county district in which the land is situated a purchase notice requiring that Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
