Hi folks,

I received confirmation from Natural England that your bat licence has been approved. There is no paper licence or document, just the email confirming registration which can be seen below. The attached document is the licence return which I need to fill and return once works are complete. You do not need to do anything with this document it is just for your information. I have also attached the mitigation and compensation plan again which must be followed.

If the council require confirmation that the licence has been approved, the below email is all there is.

Please make sure the required bat boxes are on site and liaise with Lizi regarding the supervision works.

Your licence is valid from 1st January to 30th June 2025.

If you have any questions please let me know.

Kind regards,

Natalie Evans HND BA (Hons) MA MRSB
