**Planning Application Reference No.:** 3/2025/0100

**Address of Development:** Hotel on eagle car park

**Comments:** My comments we written before but I am not sure they were sent

1. There appears to be a protected footpath from the hotel to the restaurant, considering this will have high footfall and car traffic I feel this is important to protect the children
2. There does not appear a safe space for children to play. This hotel will increase the number of families on site, with young children. Currently they play on the car park which is not safe. But this will be exacerbated by more people and reduced space taken up by the hotel. Ideally I would like to see some protected space and facilitates for family to play safely

Thanks
