Conifers encroaching towards houses on Back York Street. Currently in solid contact with 3a Back York Street and encroaching towards other properties and parking areas.

They will be sided back to behind wall line in the area highlighted on the attached map. As much of the solid contact on 3a Back York Street will be removed as can be reached. All waste will be processed through a wood chipper and removed from site for suitable disposal. No height reductions will be undertaken as they are currently providing a shield between the houses and the store. Tesco to advise the residents that the parking areas in front of 1 and 5 Back York Street must be kept clear on the day of the works.
