2. Risk Control Measures

- **Ventilation:** Ensure extractor fans or air purifiers are used to limit fumes.
- **PPE (Personal Protective Equipment):** Staff must wear gloves, masks, and eye protection where necessary.
- **Safe Storage:** Flammable substances stored away from heat sources in properly labeled containers.
- **Spillage & Disposal:** Spills cleaned immediately using absorbent materials; hazardous waste disposed of according to regulations.
- **Staff Training:** Employees trained in chemical handling, safety procedures, and emergency response.

3. Emergency Procedures

- **Inhalation Exposure:** Move affected person to fresh air immediately; seek medical attention if symptoms persist.
- **Skin Contact:** Wash area thoroughly with soap and water; remove contaminated clothing.
- **Eye Contact:** Rinse eyes with plenty of clean water for at least 15 minutes; seek medical help.
- **Fire Risk:** Keep fire extinguishers nearby, avoid open flames, and store chemicals correctly.
