

PLANNING STATEMENT
CUNLIFFE HOUSE FARM
LONGSIGHT ROAD
LANGHO

Proposal:

To erect a cattle finishing building on the farm.

The new building will be a typical farm building design with concrete panels and yorkshire boarding to the walls. The roof will be cement fibre sheets.

The proposal will allow the farm to finish their own cattle on site.

Access:

Access to the farm will not change.

The new building is situated to the east of the existing farm buildings.
