Planning Application Reference No.: 3/2025/0419

Address of Development: Clitheroe Castle Grounds

Comments: This is a good opportunity to replace the sycamores with a different species. I hope you don't intend to actually spend money on sycamore saplings. There is no shortage of tree seedlings - oak, beech and sycamore - already growing in the Castle Grounds in inappropriate spots where they've seeded - small enough to be transplanted. They would soon put on growth.
