Application for Planning Permission

Town and Country Planning Act 1990 (as amended)

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Site Area

What is the measurement of the site area? (numeric characters only).

2002.19

Unit

Sq. metres

Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Proposed construction of two holiday cottages with associated parking and amenity areas. Alterations to existing vehicular access (retrospective).

Has the work or change of use already started?

- Yes
 No

If yes, please state the date when the work or change of use started (date must be pre-application submission)

01/08/2024

Has the work or change of use been completed?

Yes

No

Existing Use

Please describe the current use of the site

Currently, the site is 2No. Holiday cottages that are near completion.

Is the site currently vacant?

Yes

No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

Yes

No

Land where contamination is suspected for all or part of the site

Yes

No

A proposed use that would be particularly vulnerable to the presence of contamination

Yes

No

Materials

Does the proposed development require any materials to be used externally?

Yes

No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Walls

Existing materials and finishes:

Natural stone walling.

Proposed materials and finishes:

Natural stone walling.

Type:

Roof

Existing materials and finishes:

Natural slate roofing.

Proposed materials and finishes:

Natural slate roofing.

Type:

Windows

Existing materials and finishes:

Timber-framed double-glazed units.

Proposed materials and finishes:

Timber-framed double-glazed units.

Type:

Doors

Existing materials and finishes:

Timber doors

Proposed materials and finishes:

Timber doors

Are you supplying additional information on submitted plans, drawings or a design and access statement?

Yes

No

If Yes, please state references for the plans, drawings and/or design and access statement

- 5335 – L01 Location Plan.
- 5335 – BH01A - Proposed Site Plan.
- 5335 – BH02A – Proposed Ground Floor Plan.
- 5335 – BH03A Proposed First Floor Plan.
- 5335 – BH04A Proposed First Floor Plan.
- 5335 – BH05A Proposed Elevations.

5335 - Design Statement v1.1

Roof Space Analysis - Photo Evidence.

Original Approved Drawings (Existing):

The original planning application approved under reference 3/2020/0498 was supported by the following drawings:

- 5335 - P01B – Ground Floor Plan
- 5335 - P02A – First Floor Plan
- 5335 - P03C – Elevations
- 5335 - P04F – Site Plan

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- Yes
 No

Is a new or altered pedestrian access proposed to or from the public highway?

- Yes
 No

Are there any new public roads to be provided within the site?

- Yes
 No

Are there any new public rights of way to be provided within or adjacent to the site?

- Yes
 No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- Yes
 No

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

- Yes
 No

Please provide information on the existing and proposed number of on-site parking spaces

Vehicle Type:

Cars

Existing number of spaces:

7

Total proposed (including spaces retained):

7

Difference in spaces:

0

Trees and Hedges

Are there trees or hedges on the proposed development site?

- Yes
 No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- Yes
 No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- Yes
 No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- Yes
 No

Will the proposal increase the flood risk elsewhere?

- Yes
 No

How will surface water be disposed of?

- Sustainable drainage system
 Existing water course
 Soakaway
 Main sewer
 Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

b) Designated sites, important habitats or other biodiversity features

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

c) Features of geological conservation importance

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- Yes
 No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

[You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons](#)

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Under 25 square metres

Please justify the reason why biodiversity net gain does not apply:

The proposed development would impact on less than 25sqm of on-site habitat.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- Mains sewer
 Septic tank
 Package treatment plant
 Cess pit
 Other
 Unknown

Are you proposing to connect to the existing drainage system?

- Yes
- No
- Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- Yes
- No

If Yes, please provide details:

Please see drawing: 5335 - BH01A

Have arrangements been made for the separate storage and collection of recyclable waste?

- Yes
- No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- Yes
- No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- Yes
- No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

- Yes
- No

Please add details of the Use Classes and floorspace.

Use Class:

B8 - Storage or distribution

Existing gross internal floorspace (square metres) (a):

0

Gross internal floorspace to be lost by change of use or demolition (square metres) (b):

0

Total gross new internal floorspace proposed (including changes of use) (square metres) (c):

100.4

Net additional gross internal floorspace following development (square metres) (d = c - a):

100.4

Totals	Existing gross internal floorspace (square metres) (a)	Gross internal floorspace to be lost by change of use or demolition (square metres) (b)	Total gross new internal floorspace proposed (including changes of use) (square metres) (c)	Net additional gross internal floorspace following development (square metres) (d = c - a)
	0	0	100.4	100.4

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

- Yes
- No

Hours of Opening

Are Hours of Opening relevant to this proposal?

- Yes
- No

Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

- Yes
- No

Is the proposal for a waste management development?

- Yes
- No

Hazardous Substances

Does the proposal involve the use or storage of Hazardous Substances?

- Yes
- No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent
 The applicant
 Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes
 No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title

First Name

Surname

Reference

Date (must be pre-application submission)

Details of the pre-application advice received

"The amended plans are an improvement from the previously submitted pre-application drawings. They include the removal of the 2nd floor windows, removal of all rooflights from the main roof, infilling of first floor windows to the front elevation outriggers and the retention of the internal roof slope rooflights with the addition of one rooflight to the outside roof slope to the lower-level outrigger. In addition, the number and location of external lighting does not significantly differ from the approved scheme.

The changes to the internal floorspace have reduced the number of bedrooms which is more acceptable for a small-scale holiday let. The reduction in rooflights and removal of windows is more acceptable as this reduces the visual prominence of the building. The level of parking is considered to be acceptable, to include 7 no. spaces for 7 no. bedrooms as per the approved scheme and the additional planting and retention of the hedge along the front boundary are considered an improvement from the previously refused scheme.

Whilst the roof height and pitch would remain the same as the refused scheme, the amendments proposed help lessen the visual impact of the scheme when viewed from the road and from the Public Bridleway.

As the scheme has been amended from 3 no. holiday lets to 2 no., you would now need to re-apply for full planning permission as the description of development would no longer match the approved scheme and therefore could not be assessed under a Section 73 application. In addition, the new application would be seeking to regularise an increase to the building height which falls outside the scope of a Section 73 application. Our validation checklist can be found at Microsoft Word - Validation Checklist APPENDIX 1 UPDATED LOCAL VALIDATION CHECKLIST 5June2025.

As the proposed development would impact on less than 25sqm of on-site habitat, it would likely be exempt from mandatory BNG. Observations on site suggest the roof space would not be suitable habitat for protected species with no obvious gaps for species to enter the building with this being a newly constructed building, therefore negating the need for a protected species survey, however photographic evidence is required to support this consideration.

The above observations have been provided on the basis of the level of information submitted and the comments contained within this response represent officer opinion only, at the time of writing, without prejudice to the final determination of any application submitted. Should you wish to discuss any of these matters further please do not hesitate to contact me."

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
 No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- Yes
 No

Is any of the land to which the application relates part of an Agricultural Holding?

Yes

No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.

Date

Amendments Summary

Email from Ribble Valley Planning stating:

Thank you for the above application. The application has been invalidated for the following:

1. Please update the application form with the correct description (see below) and Non-residential floor space so the correct fee can be calculated.

“Proposed construction of two holiday cottages with associated parking and amenity areas. Alterations to existing vehicular access (retrospective)”

These changes have been implemented on the updated form.
