I can confirm that Sunderland Peacock's revised WSI (Version 2) which includes the following:

16.2 The completed project archive will also be deposited at:

- Lancashire County Archives, Bow Lane, Preston, Lancashire, PR1 2RE (subject to consultation).
- Archaeology Data Service via the OASIS (Online Access to the Index of Archaeological Investigations) database.

does now meet with the HET's approval. The HET would therefore advise that condition 14 can be partly discharged, insofar as the agreed written scheme of investigation is now in place, but that full discharge should await the HET's confirmation that all on-site recording, it's reporting and archiving have been satisfactorily completed.
