**7. Identification Of Tree(s) And Description Of Works**  
 Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).  
 Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting & replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.  
 E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

HOLLY - FELL DUE TO BEING LARGELY DEAD AND SLOWLY DYING MORE EACH YEAR.

7. Identification Of Tree(s) And Description Of Works continued ...

8. Trees - Additional Information

Additional information may be attached to electronic communications, or provided separately in paper format.

**For all trees**

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance noted). It would also be helpful if you provided details of any advice given on site by an LPA officer.

**For works to trees covered by a TPO**

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall  Yes  No  
 If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives  Yes  No  
 If YES, you are required to provide for:

**Subsidence**

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

**Other structural damage (e.g. drains, walls and hard surfacing)**

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

**Documents and plans (for any tree)**

Are you providing separate information to e.g. an additional schedule of work for Question 7?  Yes  No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.
