Comments: We are concerned about the level of noise from the Wild Boar Park when weddings/events are taking place.

We live at [REDACTED] and purchased our house 1 year ago for the tranquil setting- however this is not what it is when an event is on. We hear DJ's, karaoke and music being played into the night.

We understand the beauty of a wedding venue there but feel there has been no effort or research gone into to keeping the noise to a minimum by using better noise cancelling/blocking materials.
