Re: Large Tree front garden of 25 Whinney Lane
Langho Mr + Mrs L. Christie.

[REDACTED] have a large tree in their front garden which overhangs our front drive. In the summer large quantities of nuts deposit themselves on our front drive, this goes on for weeks + thro to Autumn.

[REDACTED] we go out every day to sweep up the nuts, we cannot ignore this [REDACTED]

[REDACTED] if she happened to stand on these nuts she would definitely fracture or sprain her ankle.

We need to reach an amicable conclusion before a lot of main problems arise.

P.S. Briefly we have a stone wall between [REDACTED] + we are convinced it could be due to the roots of the tree pushing it out.

We would appreciate your reply asap with a view to clear this matter up

Sincerely,

[REDACTED]
